## Child Protection and Safeguarding Statement

We recognise our moral and statutory responsibility to safeguard and promote the welfare of all pupils. We will endeavour to provide a safe and welcoming environment where children are respected and valued. We will be alert to the signs of abuse and neglect and follow our procedures to ensure that children receive effective support, protection and justice.

The procedures contained in this policy apply to all staff, supply staff, volunteers, and governors and are consistent with those of Nottinghamshire Safeguarding Children Partnership (NSCP).

### Maintaining a child centred and coordinated approach to safeguarding:

Everyone who works at Holly Primary School understands they are an important part of the wider safeguarding system for children and accepts safeguarding and promoting the welfare of children is everyone's responsibility and everyone who comes into contact with children and their families has a role to play. In order to fulfil this responsibility effectively, all our staff, including supply staff and volunteers will ensure their approach is child-centre and will be supported to consider, at all times, what is in the best interests of the child.

We recognise no single practitioner can have a full picture of a child's needs and circumstances. If children and families are to receive the right help at the right time, everyone who comes into contact with them has a role to play in identifying concerns, sharing information, and taking prompt action.

**Safeguarding children is defined as:** The actions we take to promote the welfare of children and protect them from harm are everyone's responsibility. Everyone who comes into contact with children and families has a role to play.

### Safeguarding and promoting the welfare of children is defined as:

- Protecting children from maltreatment.
- Preventing the impairment of children's mental and physical health or development.
- Ensuring that children grow up in circumstances consistent with the provision of safe and effective care.
- Taking action to enable all children to have the best outcomes.

- Working Together to Safeguard Children 2018.

**NB Definition:** Children includes everyone under the age of 18.

**Whole school approach to safeguarding:**

- We understand the importance every member of our staff has through their contact with children in and outside of our school environment and the particular importance of the roles and relationships they have which places them in a position to identify concerns early, provide help for children and promote children’s welfare and prevent concerns from escalating.
- As a school we have a responsibility to provide a safe environment in which children can learn.
- We will make every effort to identify children who may benefit from early help and put in place support as soon as a problem emerges at any point in a child’s life.
- **Any staff member** who has **any** concerns about a child’s welfare should follow the processes set out in this child protection policy and raise concerns with the designated safeguarding lead or deputy without delay.
- All our staff should expect to support social workers and other agencies following any referral, especially if they were involved in being alert to or receiving a disclosure of risk, harm or abuse or harassment from a child.
- Our snr designated safeguarding lead will provide support to staff to carry out their safeguarding duties and who will liaise closely with other services such as children’s social care, police, early help and health were required, as the designated safeguarding lead (and any deputies) are most likely to have a complete safeguarding picture and be the most appropriate person to advise on the response to safeguarding concerns.

**Safeguarding is not just about protecting children from deliberate harm. It also relates to the broader aspects of care and education including:**

- Pupils’ health and safety and emotional well-being, and their mental and physical health or development.
- Meeting the needs of children with special educational needs and/or disabilities.
- The use of reasonable force.
- Meeting the needs of children with medical conditions.
- Providing first aid.
- Educational visits and off- site education.
- Intimate care and emotional wellbeing.
- On-line safety and associated issues.
- Appropriate arrangements to ensure school security, taking into account the local context.
- Keeping children safe from risks, harm, exploitation and sexual violence and sexual harassment between children: KCSiE 2021 Annex A.

**Safeguarding can involve a range of potential issues such as:**

- Neglect, physical abuse, sexual abuse, and emotional abuse.
- Contextualised also known as extra-familial abuse.

- Bullying, including online bullying (by text message, on social networking sites, and prejudice-based bullying).
- Going frequently missing/ going missing from care or home.
- Peer on Peer (child on child) abuse.
- Racist, disability- based, homophobic, bi-phobic, or transphobic abuse.
- Gender based violence/violence against women and girls.
- Risk of extremist behaviour and/or radicalisation.
- Child sexual exploitation, human trafficking, modern slavery, sexual or criminal exploitation.
- A young carer.
- Privately fostered
- The impact of new technologies, including 'sexting' and accessing pornography.
- Child on child sexual violence and sexual harassment (defined in KCSiE 2021 Part Five and DfE Sexual violence and sexual harassment between children, September 2021).
- Issues which may be specific to a local area or population, for example gang activity, knife crime, youth violence, criminal child exploitation (CCE) and County Lines.
- Is in family circumstances which present challenges for the child, such as drug and alcohol misuse, adult mental health issues and domestic abuse/harm.
- Is at risk of or from serious violence and violent crime.
- Persistent absence from education, including persistent absence for part of the school day.
- Particular issues affecting children including domestic abuse and violence, female genital mutilation and honour-based abuse and forced marriage.
- 'Upskirting'- The Voyeurism (Offences) Act, which is commonly known as Up-skirting Act, came into force on 12 April 2019. Upskirting is a criminal offence and reportable by all teachers (KCSiE 2021 and Annex A).

All our staff and volunteers are aware of the indicators of abuse and neglect and know what to look for is vital for the early identification so that support can be put in place. Our staff and volunteers are also aware of the specific safeguarding issues that indicate or inform of concerns or incidents linked to child criminal exploitation and child sexual exploitation and know to report concerns directly to the designated safeguarding or a member of the senior leadership team should the designated safeguarding lead not be available for children who may be in need of help or protection.

**All staff** should **always** speak to the designated safeguarding lead, or deputy at the earliest opportunity.

As a school we are aware that abuse, neglect, and safeguarding issues are rarely standalone events and cannot be covered by one definition or one label alone. In most cases, multiple issues will overlap with one another, therefore all staff should always be vigilant and always raise any concerns with the designated safeguarding lead (or deputy).

**All staff** should be aware that safeguarding incidents and/or behaviours can be associated with factors outside the school or college and/or can occur between children outside of our school environment.

All our staff have received information and training regarding the risks that can take place outside their families. This is known as Extra-familial harms and these can take a variety of different forms and children can be vulnerable to multiple harms including (but not limited to) sexual exploitation, criminal exploitation, sexual abuse, serious youth violence and county lines.

Our staff are aware that technology offers many opportunities but is a significant component in many safeguarding and wellbeing issues. Children are at risk of abuse online as well as face to face. Children can also abuse their peers online, this can take the form of abusive, harassing, and misogynistic messages, the non-consensual sharing of indecent images, especially around chat groups, and the sharing of abusive images and pornography, to those who do not want to receive such content.

All forms of abuse or harassment will be reported in accordance with national safeguarding guidance and we will take a 'zero tolerance' approach to harassment and abuse as informed in KCSiE 2021.

Should an incident or disclosure be made by a child our staff will always reassure the child (victim) that they are being taken seriously and that they will be supported and kept safe.

### **Identifying Concerns**

All members of staff, volunteers and governors will know how to identify pupils who may be being harmed and then how to respond to a pupil who discloses abuse, or where others raise concerns about them. Our staff will be familiar with procedures to be followed.

Staff understand that abuse, neglect, and safeguarding issues are rarely standalone events that can be covered by one definition, and that in most cases multiple issues will overlap with each other. Staff who regularly come into contact with children are aware of the DfE guidance [What to do if you're worried a child is being abused](#)

**The four categories of child abuse are as follows:**

1. **Physical Abuse**
2. **Emotional Abuse**
3. **Sexual Abuse**
4. **Neglect**

### **Indicators of abuse and neglect**

**Abuse:** a form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm or by failing to act to prevent harm. Children may be abused in a family or in an institutional or community setting by those known to them or, more rarely, by others. Abuse can take place wholly online, or technology may be used to facilitate offline abuse. Children may be abused by an adult or adults or by another child or children.

**Physical abuse:** a form of abuse which may involve hitting, shaking, throwing, poisoning, burning, or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

**Emotional abuse:** the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. It may involve conveying to a child they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what

they say or how they communicate. It may feature age or developmentally inappropriate expectation being imposed on children. These may include interactions that are beyond a child's developmental capability as well as over protection and limitation of exploration and learning or preventing the child from participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyberbullying), causing children to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.

**Sexual abuse:** involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing, and touching outside of clothing. They may also include non-contact activities, such as involving children to look at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse. Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children. The sexual abuse of children by other children is a specific safeguarding issue (also known as peer on peer abuse) in education and **all** staff should be aware of it and of their school or colleges policy and procedures for dealing with it.

**Neglect:** the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy, for example, as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to; provide adequate food, clothing and shelter (including exclusion from home or abandonment); protect a child from physical and emotional harm or danger; ensure adequate supervision (the use of inadequate care-givers); or ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

**Safeguarding issues:** All staff should have an awareness of safeguarding issues that can put children at risk of harm. Behaviours linked to issues such as drug taking and or alcohol misuse, deliberately missing education and consensual and non-consensual sharing of nudes and semi-nude images and/or videos can be signs that children are at risk.

All staff are aware of the arrangements Holly Primary has in place to ensure staff remain vigilant so that they are able to respond to safeguarding concerns, incidents, and / or emerging threats.

We have a understanding that Covid times have led to an increased risk for on-line abuse when children are not in attendance at schools and are engaging in learning remotely and may have limited supervision from parents/carers. School has provided on-line guidance and support for parents and children to remain free from risk and exploitation.

Our school ethos demonstrates that the effective safeguarding of children can only be achieved by putting children at the centre of a system where we listen and hear what they say. Every individual within Holly Primary School will play their part, including working with professionals from other agencies, particularly social workers, to meet the needs of our most vulnerable children and keep them safe. We will take opportunities to teach children about important safeguarding issues in a way that is age appropriate.

Holly Primary School puts children at the centre of your 'safeguarding arrangements'. Within the culture of the school children are listened to and there are very clear systems of reporting which all staff are well trained on.

Our school is led by senior members of staff and governors whose aims are to provide a safe environment and vigilant culture where children and young people can learn and be safeguarded. If there are safeguarding concerns, we will respond with appropriate action in a timely manner for those children who may need help or who may be suffering, or likely to suffer, significant harm.

Where staff members have concerns about a child (as opposed to a child being in immediate danger) they will decide what action to take in conjunction with the Snr Designated Safeguarding Lead. Although we advocate that any staff can make a referral to children's social care or MASH, especially where a child is identified as being in immediate danger, they should however ensure that the Designated Safeguarding Lead (DSL), or a member of the senior leadership team is informed as soon as possible.

We also ensure that all our staff are clear that whilst they should discuss and agree with the DSL any actions to be taken, they are able to escalate their concerns and contact MASH, or social care to seek support for the child if despite the discussion with the DSL their concerns remain. Staff are also informed of the school whistle blowing procedures and the contact details for the Local Authority LADO and NSPCC helpline.

Holly Primary staff works with other agencies to support vulnerable children and contact when required between social care and social workers is clear and robust. For example, where necessary we hold regular meetings in schools, taking part in partnership forums/ events and access multi-agency training.

#### Alternative Provision

Children who attend alternative education often have complex needs, it is important that governing bodies and designated safeguarding leads ensure children are fully supported at all times, and the alternative setting is aware of any additional risks of harm that pupils may be vulnerable to. Information sharing for pupils who receive education provision outside of a mainstream setting is vital to support the child and ensure the learning environment where they are placed has all necessary information for the child before they access the provision. The working together principles are key to keep the child safe and understanding the vulnerabilities needing to be supported. This should include up to date contact details for the professionals working with the child and family.

Should the need arise for a child to attend Alternatives Provision our school would work closely with the Mansfield Area Partnership to review what the best options would be in order to meet the needs of the individual child.

The Headteacher, who is familiar with national and local guidance, will share concerns, where appropriate, with the relevant agencies. The Snr DSL team would work with the lead agencies to identify the best appropriate provision which would meet the specific needs of the child. The Headteacher would liaise closely with the chosen provision to ensure that there were clear and easy to follow safeguarding procedures. All agencies and staff involved would be receive the latest safeguarding procedures and the decision to opt into such service would be dependent on a regular, consistent safeguarding update.

This would include

- The Snr DSL and deputies (DSL team) maintains a key role in raising awareness amongst staff about the needs of children who have or who have had a social worker and the barriers that those

children might experience in respect of attendance, engagement and achievement at schools or college, see KCSiE 2021 page 147.

- *The Snr DSL along with the Designated Teacher can inform the Governing body and Headteacher the number of children in their cohort who have or who have had a social worker and appropriate information is shared with teachers and staff on individual children's circumstances*
- *The Designated Teacher and Snr Designated Safeguarding Lead maintain data for children who have looked after status and for children who have been involved in the care system.*
- *The Designated Teacher maintains good links with the Virtual School Heads to promote the educational achievement of previously looked after children.*

## **Our Child Protection Policy**

### **There are seven main elements to our policy:**

- Providing a safe environment in which children can learn and develop.
- Ensuring we practice safe recruitment in checking the suitability of staff and volunteers to work with children.
- Developing and then implementing procedures for identifying and reporting cases, or suspected cases of abuse.
- Supporting pupils who have social care involvement in accordance with his/her child in need plan, child protection plan or are subject to Local Authority Care.
- Raising awareness of safeguarding children, child protection processes and equipping children with the skills needed to keep them safe in and outside of school.
- Working in partnership with agencies and safeguarding partners in the 'best interest of the child'.
- Ensuring we have appropriate policies and procedures to deal with peer on peer abuse (child on child) abuse and sexual violence and sexual harassment

We recognise that because of the day to day contact with children, school staff are well placed to observe the outward signs of abuse.

### **Holly Primary School will therefore:**

- Establish and maintain an environment where children feel secure, are encouraged to talk and are listened to and heard.
- Ensure children know that there are trusted adults in the school who they can approach if they are worried.
- Ensure that every effort is made to establish effective working relationships with parents, carers and colleagues from other agencies.
- Include opportunities in the RSHE curriculum for children to develop the skills they need to recognise and stay safe from abuse by:

- Recognising and managing risks including online safety, radicalisation and extremism, sexual exploitation, peer on peer abuse (child on child), sexual violence and sexual harassment, the sharing of nude and semi -nude images which has replaced sexting.
- Developing healthy relationships and awareness of domestic violence, and abuse which is linked to 'honour' such as female genital mutilation and forced marriage, bullying and peer on peer abuse.
- Recognising how pressure from others can affect their behaviour.
- Knowing that as a school we will act swiftly to address any concerns related to serious violence, gang and knife crime or child on child sexual violence or sexual harassment incidents.
- Ensuring our behaviour policy includes measures to prevent bullying, including cyberbullying, prejudice-based and discriminatory bullying
- Maintain an on-line safety policy, which takes into account remote learning, and use of mobile and smart technology and is reviewed regularly to take into account any new threats.

Holly Primary intends to embed and teach safeguarding as part of a broad and balanced curriculum.

- We will take all reasonable measures to ensure any risk of harm to children's welfare is minimised inside and outside of the school environment.
- Take all appropriate actions to address concerns about the welfare of a child, working to local policies and procedures in full working partnership with agencies.
- Ensure robust child protection arrangements are in place and embedded in the daily life and practice of the school.
- Promote pupil health and safety.
- Promote safe practice, and challenge unsafe practice.
- Ensure that procedures are in place to deal with allegations of abuse against teachers and other staff including volunteers (KCSiE 2021 Part Four Pages 81 to 95) and Part Four Section two for dealing with low-level concerns, and the NSCP local multi-agency procedures.
- Provide first aid and meet the health needs of children with medical conditions
- Ensure school site security.
- Address drugs and substance misuse issues.
- Support and plan for young people in custody and their resettlement back into the community.
- Work with all agencies regarding missing children, anti-social behaviour/gang activity and violence in the community/knife crime and children at risk of sexual exploitation.
- Everyone having a duty to safeguard children inside/outside the school environment including school trips, extended school activities, vocational placements and alternative education packages.

**We will follow the procedures set out by the Nottinghamshire Safeguarding Children Partnership (NSCP) and take account of guidance issued by the DfE in Keeping Children Safe in Education 2021 to:**

- Ensure we have a Snr Designated Safeguarding Lead (DSL), who is a member of the school/college leadership team, and a Deputy Safeguarding Lead for child protection/safeguarding who has received appropriate training and support for this role.
- The Designated Safeguarding Lead role is written into their job description and clarifies the role and responsibilities included (as defined in KCSiE 2021 Annex C).
- Ensure we have a nominated governor responsible for child protection/safeguarding.

- Ensure that we have a Designated Teacher for Looked After Children (LAC).
- Ensure every member of staff (including temporary, supply staff and volunteers) and the governing body knows the name of the Snr Designated Safeguarding Lead, their deputies responsible for child protection, and their role.
- Ensure all staff and volunteers understand their responsibilities in being alert to the signs of abuse and their responsibility for referring any concerns to the Designated Safeguarding Lead, or to children's social care/police if a child is in immediate danger.
- Ensure all staff and volunteers are aware of the early help process and understand their role in making referrals or contributing to early help offers and arrangements.
- Ensure that there is a whistleblowing policy and culture where staff can raise concerns about unsafe practice, and that these concerns will be taken seriously.
- Ensure that there is a complaints system in place for children and families.
- Ensure that parents have an understanding of the responsibility placed on the school and staff for child protection and safeguarding by setting out its obligations in the school prospectus and on the school's website.
- Notify Children's Social Care if there is an unexplained absence for a child who is subject to a child protection plan and where no contact can be established with the child or a parent or appropriate adult linked to the child.
- Develop effective links with relevant agencies and cooperate as required with their enquiries regarding child protection matters, including attendance at child protection conferences.
- Keep written records of concerns about children, even where there is no need to refer the matter immediately; documenting and collating information on individual children to support early identification, referral and actions to safeguard.
- Ensure all records are kept securely. A clear and simple paper based system exists where staff record safeguarding concerns. These are passed to the DSL for action. The DSL will record immediate actions and recommend follow up points. These paper based records will be double signed (to check actions and recommendations). These will then be transferred to an electronic management and recording system, before being filed in the children's confidential C file.
- Ensure that we follow robust processes to respond when children are missing from education or missing from home or care.
- Develop and then follow procedures where an allegation is made against a member of staff or volunteer.
- Ensure safe recruitment practices are always followed.
- Apply confidentiality appropriately.
- Apply the NSCP escalation procedures if there are any concerns about the actions or inaction of social care staff or staff from other agencies.

### **Supporting children**

We recognise that children who are abused or who witness violence may find it difficult to develop a positive sense of self-worth. They may feel helplessness, humiliation and some sense of blame. The school may be the only stable, secure and predictable element in the lives of children at risk. When at school their behaviour may be challenging and defiant or they may be withdrawn. We also recognise that there are children who are more vulnerable than others, which include children with special educational needs and or disabilities.

All staff including volunteers are advised to maintain the attitude of **'it could happen here'** where safeguarding is a concern, and when concerned about the welfare of the child should always act in the **best** interests of the child.

### **Holly Primary will endeavour to support the pupil through:**

- Developing the content of the curriculum to be broad and balanced.
- Maintaining a school ethos which promotes a positive, supportive and secure environment, and which gives pupils a sense of them being valued.
- The school behaviour policy, anti-bullying policy and peer on peer abuse policy which is kept up to date with national and local guidance and which is aimed at supporting vulnerable pupils in our school.
- Our school will proactively ensure that all children know that some behaviours are unacceptable and will need to be addressed but as members of our school they are valued and will be supported through the time required to deal with any abuse or harm that has occurred, or outcomes from incidents. Concerns raised will be addressed through careful and thoughtful systems with the safety of the children at the centre of our actions.
- Liaison with other agencies that support the pupil such as Children's Social Care (in line with the Pathway to Provision Version 9.1, published in May 2021), Behaviour and Attendance Service and Education Psychology Service, use of Complex Case Resolution Meetings and the Early Help Assessment Form (EHAF), etc.

## **Roles and Responsibilities**

### **All staff and volunteers**

Safeguarding and promoting the welfare of children is everyone's responsibility. Everyone in our school who comes into contact with children and their families have a role to play in safeguarding children. All staff in our school consider, at all times, what is in the best interests of children. Staff at Holly Primary understand that there is no greater importance than the safety of our children.

All staff within our school are important as they are in a position to identify concerns early and provide help to children to prevent concerns from escalating.

All staff contribute to providing a safe environment in which children can learn by delivering a broad and balanced curriculum. This is flexible in responding to the local and national context.

Staff enhance children's learning experiences which contribute to and enable a safe environment. G=Foe example; both in and when out of schools on trips or extended learning opportunities.

All our staff are aware of the early help process and understand their role in this.

This includes being able to identify emerging problems to recognise children who may benefit from early help. Staff know in the first instance to discuss their concerns with the Designated Safeguarding Lead and understand they may be required to support other agencies and professionals in assessments for early help.

Holly Primary school operates an open-door policy where parents/ carers come into school to seek support or advice. Via our Yammer communication system all staff are able to contact the Headteacher if case of emergency. Where children require support children and social workers meet during the school day where required and our DSLs work with social care and safeguarding partners to ensure children subject to child protection, child in need and LAC plans are kept safe, and the child's needs are met.

Where appropriate we sign post children, parents, and carers to for support, in school and through your website, posters, newsletters, Yammer, texts and during meetings.

### **Safeguarding Training**

All our staff are aware of systems within Holly Primary School and these are explained to them as part of staff induction, which include our child protection policy; the employee code of conduct and the role of the Designated Safeguarding Lead and Keeping Children Safe in Education 2021.

Our school utilises an induction checklist when staff are inducted which includes the above, but also other policy and procedural information.

All our staff receive safeguarding and child protection training which is updated every three years. In addition, to this training all staff members receive child protection and safeguarding updates when required, but at least annually.

The Local Authority provided this training and staff are kept up to date with any local or national changes to safeguarding guidance via regular communication systems.

All our staff are aware of the process for making referrals to children's social care and for statutory assessments under the Children Act 1989 and understand the role they may have in these assessments. These are discussed on a regular basis and staff have access to partnership work with social care and the local arrangements put in place by Nottinghamshire Safeguarding Children Partnership (NSCP). They also know how to access the NSCP website and are aware of training opportunities.

All our staff know what to do if a child is raising concerns or makes a disclosure of abuse and/or neglect. Staff will maintain a level of confidentiality whilst liaising with the Designated Safeguarding Lead and children's social care. Our staff will never promise a child that they will not tell anyone about a disclosure or allegation, recognising this may not be in the best interest of the child.

### **Staff responsibilities**

All staff have a key role to play in identifying concerns and provide early help for children.

#### **To achieve this, they will:**

- Establish and maintain an environment where children feel secure, are encouraged to talk and are listened to.

- Plan opportunities within the curriculum for children to develop the skills they need to assess and manage risk appropriately and keep themselves safe.
- Attend training in order to be aware of and alert to the signs of abuse.
- Maintain an attitude of "it could happen here" with regards to safeguarding.
- Record their concerns if they are worried that a child is being abused and report these to the DSL as soon as practical that day. If the DSL is not contactable immediately a Deputy DSL should be informed.
- Be prepared to refer directly to social care, and the police if appropriate, if there is a risk of significant harm and the DSL or their Deputy is not available.
- Follow the allegations procedures if the disclosure is an allegation against a member of staff.
- Follow the procedures set out by the NSCP and take account of guidance issued by the DfE KCSiE 2021.
- Support pupils in line with their child protection plan, child in need plan, LAC Care Plan.
- Treat information with confidentiality but never promising to "keep a secret".

The Children and Social Work Act of 2017, places responsibilities for Designated Teacher to have responsibility for promoting the educational achievement of children who have left care through adoption, special guardianship or child arrangement orders or who were adopted from state care outside England and Wales.

Our school ensures children know who the designated teacher is in your school. They understand they have a voice and that our school environment promotes a safe, caring environment.

## **Designated Safeguarding Leads**

We have a Snr Designated Safeguarding Lead who takes lead responsibility for safeguarding children and child protection who has received appropriate training and support for this role. The Snr Designated Safeguarding Lead is a senior member of the school leadership team and their responsibilities are explicit in their job description. **Duncan White (Headteacher) is the lead.**

We also have a Deputy Safeguarding Lead, who will provide cover for the Snr Designated Safeguarding Lead when they are not available. They will provide additional support to ensure the responsibilities for child protection and safeguarding children are fully embedded within the school ethos and that specific duties are discharged. They will assist the Snr Designated Safeguarding Lead in managing referrals, attending child protection conferences, reviews, core group meetings and other meetings of a safeguarding and protection nature to support the child/children. **Sophie McGuiness (Deputy Headteacher), Daniel Bennet (Assistant Headteacher) and Amy Middleton (Assistant Headteacher) are the leads.**

These arrangements allow us to fulfil our child protection responsibilities to meet the needs of the children on roll.

### **Looked After Children – The Role of Designated Teacher and the Designated Safeguarding Lead**

- A teacher is appointed who has responsibility for promoting the educational achievement of children who are looked after. They have the appropriate training. The Designated Teacher will work with the Virtual School to ensure that the progress of the child is supported.
- The Designated Safeguarding Lead (**Duncan White**) will also have details of the child's social worker and the name of the Assistant Head of the Virtual School. The Designated Safeguarding Lead will work closely with the Designated Teacher, as we recognise that children may have been abused or neglected before becoming looked after. We will ensure their ongoing safety and wellbeing as well

as supporting their education, through linking with their social worker, carers and parents where appropriate.

- We also recognise those children who were previously Looked-After potentially remain vulnerable and all staff will be informed of the importance of maintaining support for them through our school system. As a school we will continue to recognise the importance of working with agencies and take prompt actions where necessary to safeguard these children, who may remain vulnerable.

## **Children with Special Educational Needs**

We recognise that children with special educational needs (SEN) and or disabilities can face additional safeguarding challenges. Children with SEN and or disabilities are especially vulnerable when identifying concerns due to their impaired capacity to resist or avoid abuse. They may have speech, language and communication needs which may make it difficult to tell others what is happening.

All staff are aware that additional barrier can exist when recognising abuse and neglect for children with SEND and be more prone to peer group isolation or bullying (including prejudice-based bullying) than other children. They may not always show outward signs and may have communications barriers and difficulties in reporting challenges, especially involving exploitation or incidents involving peer on peer/child on child harm, abuse, or harassment and particularly where that harassment or harm is of a sexual nature. Our staff's vigilance will be a supporting factor to keeping all children safe.

Our policy reflects the fact that additional barriers can exist when recognising abuse and neglect in this group of children which include:

- assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's disability without further exploration;
- children with SEN and disabilities can be disproportionately impacted by things like bullying, without outwardly showing any signs; and communication barriers and difficulties in overcoming their ability to disclose incidents or the risk of harm they feel subject to;
- addressing individual behaviour concerns and incidents considering the child's SEN and disabilities.
- If required, it may be appropriate to implement additional arrangements for safeguarding children with SEND in our school e.g. lifting and handling, transporting of children, personal care, management of medication etc. These are reviewed according to the needs of our children.

## **Taking action where concerns are identified**

Our staff recognise the difference between concerns about a child and a child in immediate danger.

If staff have concerns about a child, they will need to decide what action to take. A discussion should take place with the Snr Designated Safeguarding Lead to agree a course of action.

If a child is in immediate danger or risk of harm a referral will be made immediately to the Multi-Agency Safeguarding Hub and/or the police immediately by the member of staff if required, with the Designated Safeguarding Lead being informed of the referral.

**If a child chooses to tell a member of staff about alleged abuse, there are a number of actions that staff will undertake to support the child:**

- The key facts will be established in language that the child understands, and the child's words will be used in clarifying/expanding what has been said.
- No promises will be made to the child, e.g. to keep secrets.
- Staff will stay calm and be available to listen.
- Staff will actively listen with the utmost care to what the child is saying.
- Where questions are asked, this should be done without pressurising, and only using open questions;
- Leading questions should be avoided as much as possible
- Questioning should not be extensive or repetitive
- Staff will not/ should not put words in the child's mouth but will subsequently note the main points carefully.
- A full written record will be kept by the staff duly signed and dated, including the time the conversation with the child took place, outline what was said, comment on the child's body language etc.
- It is not appropriate for staff to make children write statements about abuse that may have happened to them or get them to sign the staff record.
- Staff will reassure the child and let them know that they were right to inform them and inform the child that this information will now have to be passed on.
- The Designated Safeguarding Lead will be immediately informed, unless the disclosure has been made to them.
- Information should be shared with children's social care without delay, either to the child's own social worker or to the MASH. Children's Social Care will liaise with the police where required, which will ensure an appropriate police officer response rather than a uniformed response.
- The Police would only therefore be contacted directly in an emergency or if a child is in immediate risk of harm, abuse or danger.

**Staff should never attempt to carry out an investigation of suspected child abuse by interviewing the child or any others involved especially if a criminal act is thought to have occurred. The only people who should investigate child abuse and harm are Social Care, Police, or the NSPCC.**

## **Confidentiality**

We recognise that all matters relating to child protection are confidential; however, a member of staff must never guarantee confidentiality to children; children will not be given promises that any information about an allegation will not be shared.

Where there is a child protection concern it will be passed immediately to the Designated Safeguarding Lead and/or to children's social care. When a child is in immediate danger children's social care/the police will be contacted.

The Headteacher or Snr Designated Safeguarding Lead will disclose personal information about a pupil to other members of staff, including the level of involvement of other agencies, only on a 'need to know' basis.

All staff are aware that they have a professional responsibility to share information with other agencies in order to safeguard children. They are aware that the Data Protection Act 1998 should not be a barrier to sharing of information where failure to do so would result in a child being placed at risk of harm.

We acknowledge further guidance can be found by visiting Nottinghamshire Safeguarding Children Partnership website: <https://www.nottinghamshire.gov.uk/nscp>

## **Information Sharing**

Effective sharing of information between practitioners and local organisations and agencies is essential for early identification of need, assessment and service provision to keep children safe. Serious Case Reviews (SCR's) and Rapid Reviews (R.R's) have highlighted that missed opportunities to record and thereby understand the significance of sharing information in a timely manner can have severe consequences for the safety and welfare of children (Working Together to Safeguard Children 2018 para 23).

We will adopt the information sharing principles detailed in statutory safeguarding guidance contained within:

- DfE KCSiE 2021 paragraphs 105 to 113 and Annex C has been updated to further clarify about GDPR and withholding information and additional information added which makes clear about the powers to hold and use information when promoting children's welfare.
- HM Working Together to Safeguard Children 2018 Para 23 to 27 and on pages 20 and 21.
- HM Information Sharing: Advice for practitioners providing safeguarding services to children, young people, parents and carers (which has been updated to reflect the General Data Protection Regulation (GDPR) and Data Protection Act 2018).
- Nottinghamshire Safeguarding Children Partnership (NSCP) Policy and Practice Guidance. Staff have completed GDPR Information Sharing training.

## **Records and Monitoring** (KCSiE 2021 paragraphs 71 to 72, Part Five, Annex C)

Our school has in place good quality records which reflect the child's journey through the safeguarding system and engagement with statutory agencies, including Social Care, Early Help, Police, CAMHS, Health and other services.

Any concerns about a child will be recorded in writing within 24 hours. All records will provide a factual and evidence-based account and there will be accurate recording of any actions. Records will be signed, dated and, where appropriate, witnessed. Where an opinion or professional judgement is recorded this should be clearly stated as such.

At no time should an individual teacher/member of staff or school be asked to or consider taking photographic evidence of any injuries or marks to a child's person; this type of behaviour could lead to the staff member being taken into managing allegations procedures. The body maps should be used in accordance with recording guidance and to support clarity for example of areas of injury, marks and bruising and or touching.

Any concerns should be reported and recorded without delay to the appropriate safeguarding services e.g. MASH or the child's social worker if already an open case to social care.

A chronology will be kept in the main school file prior to the commencement of a concern file. Staff, particularly pastoral staff, will record any minor concerns on the chronology and will take responsibility for

alerting the Designated Safeguarding Lead should the number of concerns rise or, in their professional judgement, become significant. At the point at which a concern file (see below) is commenced then the chronology can be transferred to the concern file.

Safeguarding, child protection and welfare concerns will be recorded and kept in a separate secure file known as a 'concern' file (formerly referred to as a child protection file), which will be securely stored and away from the main pupil file. The main pupil file should have a **red C** in the top right-hand corner to denote a separate file exists.

Our school will ensure all or files will be available for external scrutiny for example by a regulatory agency or because of a serious case review or audit.

## **Why recording is important**

Our staff will be encouraged to understand why it is important that recording is comprehensive and accurate and what the messages from serious case reviews are in terms of recording and sharing information. It is often when a chronology of information is pieced together that the level of concern escalates or the whole or wider picture becomes known.

Our school maintains paper child protection confidential Files.

We acknowledge without information being recorded it can be lost. This could be crucial information, the importance of which is not always necessarily apparent at the time. On occasions, this information could be crucial evidence to safeguard a child or be evidence in future criminal prosecutions.

## **The Child Protection (CP), Child in Need (CiN) or Confidential file** (KCSiE 2021 paragraphs 71 to 73, 112 to 113 and Annex C pages 146 to 148).

The establishment of a Child Protection, CiN or Confidential Safeguarding file, which is separate from the child's main school file, is an important principle in terms of storing and collating information about children which relates to either a child protection or safeguarding concern or an accumulation of concerns about a child's welfare which are outside of the usual range of concerns which relate to ordinary life events. It should be borne in mind that what constitutes a 'concern' for one child may not be a 'concern' for another and the child's particular circumstances will need to be taken into account for example if a child is subject to a child protection plan, CiN plan or has looked after status (LAC). Professional judgement will therefore be an important factor when making this decision and will need clear links between pastoral staff and those with Designated Safeguarding Lead responsibilities in school.

### **A 'child protection' or 'confidential' file should be commenced in the event of:**

- A referral to MASH/Children's Social Care.
- A number of minor concerns on the child's main school file.
- Any child open to social care.

### **All 'child protection' or 'confidential' file should contain:**

- A front sheet.
- A chronology.
- A record of concern in more detail and body map, where appropriate.
- A record of concerns and issues shared by others.

The school will keep written paper and electronic records of concerns about children even where there is no need to refer the matter to MASH/Children's Social Care (or similar) immediately but these records will be kept within the separate concerns file.

Records will be kept up to date and reviewed regularly by the Snr Designated Safeguarding Lead to evidence and support actions taken by staff in discharging their safeguarding arrangements. Original notes will be retained (but clearly identified as such) as this is a contemporaneous account; they may be important in any criminal proceedings arising from current or historical allegations of abuse or neglect.

The 'confidential' file can be active or non-active in terms of monitoring i.e. a child is no longer LAC, subject to a child protection plan or EHAF and this level of activity can be recorded on the front sheet as a start and end date. If future concerns arise, they can be re-activated and indicated as such on the front sheet and on the chronology as new information arises.

### **Transfer of child's child protection file, child in need, LAC, or confidential file (statutory requirement):**

Our school will adopt the file transfer guidance contained in KCSiE 2021 and ensure when a child moves school/education provision their child protection/confidential file is sent securely to their new educational setting when the child starts/ leaves the school/academy.

For those children subject of social care and safeguarding agency involvement will ensure the file is able to evidence the child's journey and include key information as described in KCSiE 2021 Should a child subject to social care involvement transfer schools, college or education provider we will ensure the child's child protection or confidential file move is transferred within 5 days required by KCSiE 2021 page 148.

Our Snr DSLs will liaise directly with the receiving school, college or alternative placement and hold a discussion to share important information to support the child's transfer to ensure the child remains safeguarded, has any 'reasonable adjustments' agreed, and put in place and to ensure the changes experienced by the child are as smooth as possible to enable a positive integration experience and engagement with new staff and learning.

In accordance with KCSiE 2021 we will maintain information on cohorts of children who have been open to social care, have had a social worker or who are closed to social care and may have returned to the family home. This information will only be considered for sharing 'if appropriate' with the new school or provider in advance of the child leaving to allow for the new school to continue supporting the children who have had a social worker or been victims of abuse, including those who are currently receiving support through the 'Channel' programme.

(KCSiE 2021 paragraphs 71 to 73, 113 and Annex C pages 146 to 148).

### **Recording Practice**

Timely and accurate recording will take place when there are any issues regarding a child.

A recording of each and every incident or concern for the child will be made, including any telephone calls to other professionals. These will also be recorded on the chronology and kept within the child protection file for that child, as over time they are likely to help identify any patterns or emerging risks and needs.

This will include any contact from other agencies who may wish to discuss concerns relating to a child.

Actions will be agreed, and roles and responsibility of each agency will be clarified, and outcomes recorded.

The chronology will be brief and log activity; the full recording will be on the record of concern.

Further detailed recording will be added to the record of concern and will be signed and dated. Records will include an analysis of the event or concerns and will take account of the holistic needs of the child, and any historical information held on the child's file.

Support and advice will be sought from social care, or early help whenever necessary. In this way a picture can emerge, and this will assist in promoting an evidence-based assessment and determining any action(s) that needs to be taken.

This may include no further action, whether an EHAF should be undertaken, or whether a referral should be made to MASH/Children's Social Care in-line with the NCC Pathway to Provision Version 9 document published March 2021, or any later edition made available by Nottinghamshire Safeguarding Children Partnership.

Such robust practice across child protection and in safeguarding and promoting the welfare of children will assist the school and DSL team in the early identification of any concerns which may require addressing further and the prevention of future harm, risk or abuse.

The Designated Safeguarding Lead will have a systematic means of monitoring children known or thought to be at risk of harm (through the concern file and through an ongoing dialogue with pastoral staff). They will ensure that we contribute to assessments of need and support multi-agency plans for those children.

### **Educating Young People – Opportunities to teach safeguarding**

(KCSiE 2021 paragraphs 121, Annex A & Annex C Online Safety page 117 to 118).

As a school we will teach children in an age appropriate way about youth produced imagery, on-line risks associated with social networking to prevent harm by providing them with the skills, attributes and knowledge to help them navigate risks, including covering online safety, remote learning, filters and monitoring, information security, cyber-crime, reviewing online safety platforms and use of mobile technology.

This approach to tackling sensitive issues promotes a whole school approach to safeguarding giving children the space to explore key issues and the confidence to seek the support of adults should they encounter problems.

The education we provide for online safety will take into account the harm, injury or harassment involved in sexual violence and sexual harassment between child in schools and colleges.

This issue will also be taught as part of a wider RSHE programme, as RSHE becomes mandatory in all schools from September 2021. As part of our whole school children plan this will be taught this academic year.

- Children and parents are made aware of on-line safety to minimise the safeguarding risks technology can pose and where they can seek advice, help, and support.
- Should the need for children to access learning from home then welfare calls and regular contact from school will be put in place.

### **Helplines and reporting**

- Children can talk to a Child Line counsellor 24 hours a day about anything that is worrying them by ringing 0800 11 11 or in an online chat at <https://www.childline.org.uk/get-support/1-2-1-counsellor-chat/>
- Where staff members feel unable to raise an issue with their employer, or feel they have a genuine concern that is not being addressed we acknowledge they may wish to consider whistleblowing channels. Likewise, if parents and carers are concerned about their child, they can contact the NSPCC Helpline by ringing 0800 028 028 0295, or by emailing [help@nspcc.org.uk](mailto:help@nspcc.org.uk)

## **Body Map Guidance for Schools**

**Medical assistance should be sought where appropriate.**

Body Maps should be used to document and illustrate visible signs of harm and physical injuries.

Always use a black pen (never a pencil) and do not use correction fluid or any other eraser.

Do not remove clothing for the purpose of the examination unless the injury site is freely available because of treatment.

**\*At no time should an individual teacher/member of staff or school be asked to or consider taking photographic evidence of any injuries or marks to a child's person, this type of behaviour could lead to the staff member being taken into managing allegations procedures, the body map below should be used in accordance with recording guidance. Any concerns should be reported and recorded without delay to the appropriate safeguarding services, e.g. MASH or the child's social worker if already an open case to social care.**

**When you notice an injury to a child, try to record the following information in respect of each mark identified e.g. red areas, swelling, bruising, cuts, lacerations and wounds, scalds and burns:**

- Exact site of injury on the body, e.g. upper outer arm/left cheek.
- Size of injury - in appropriate centimetres or inches.
- Approximate shape of injury, e.g. round/square or straight line.
- Colour of injury - if more than one colour, say so.
- Is the skin broken?
- Is there any swelling at the site of the injury, or elsewhere?
- Is there a scab/any blistering/any bleeding?
- Is the injury clean or is there grit/fluff etc.?
- Is mobility restricted as a result of the injury?
- Does the site of the injury feel hot?
- Does the child feel hot?
- Does the child feel pain?
- Has the child's body shape changed/are they holding themselves differently?

Importantly the date and time of the recording must be stated as well as the name and designation of the person making the record. Add any further comments as required.

**Ensure First Aid is provided where required and record**

A copy of the body map should be kept on the child's child protection file.
