

# Music Policy

# **Aims and Objectives**

Music is a unique way of communicating that can inspire and motivate children. It is a vehicle for personal expression, and it can play an important part in the personal development of people. Music reflects the culture and society we live in, and so the teaching and learning of music enables children to better understand the world they live in. Besides being a creative and enjoyable activity, music can also be a highly academic and demanding subject. It also plays an important part in helping children feel part of a community. We provide opportunities for all children to create, play, perform and enjoy music, to develop the skills, to appreciate a wide variety of musical forms, and to begin to make judgements about the quality of music.

The objectives of teaching music in our school are to enable children to:

- ♪ know and understand how sounds are made and then organised into musical structures;
- ♪ know how music is made through a variety of instruments;
- ♪ know how music is composed and written down;
- ♪ know how music is influenced by the time, place and purpose for which it was written;
- ♪ develop the interrelated skills of performing, composing and appreciating music.

# **Teaching and Learning**

At Holly, we make music an enjoyable learning experience. We encourage children to participate in a variety of musical experiences through which we aim to build up the confidence of all children.

- ♪ EYFS - children sing on a daily basis and play tuned and untuned instruments.
- ♪ KS1 - develop singing and performance skills.
- ♪ LKS2 - learn to play either recorder or glockenspiel & can join the choir
- ♪ UPKS2 – develop deeper musical appreciation, can join the choir and access instrumental tuition.

Singing lies at the heart of our good music teaching. Our teaching focuses on developing the children's ability to sing in tune, and with other people. Through singing songs, children learn about the structure and organisation of music. We teach them to listen to and appreciate different forms of music. As children get older, we expect them to maintain their concentration for longer, and to listen to more extended pieces of music. Children develop descriptive skills in music lessons when learning about how music can represent feelings and emotions. We teach children to make music together, to understand musical notation, and to compose pieces.

# **Additional Music Teaching**

Children are offered the opportunity to study a musical instrument with external music teachers. Parents who want their children to participate in the schemes must purchase or hire the instrument and pay the additional music lesson fees on a termly basis. These lessons are normally taught to small groups of children who have chosen to learn one of a variety of instruments.

# **Music curriculum planning**

Our school uses Charanga Music World and the National Curriculum as the basis for its curriculum planning. While there are opportunities for children of all abilities to develop their skills and knowledge in each teaching unit, the progression planned into the scheme of work means that the children are increasingly challenged as they move through the school.

## **The Early Years Foundation Stage**

We teach music in reception classes as an integral part of the topic work covered during the year. As the reception class is part of the Early Years Foundation Stage of the National Curriculum, we relate the musical aspects of the children's work to the objectives set out in the Early Learning Goals (ELGs) which underpin the curriculum planning for children aged three to five. Music contributes to a child's personal and social development. Counting songs foster a child's mathematical ability, and songs from different cultures increase a child's knowledge and understanding of the world.

## **Assessment for learning**

Children demonstrate their ability in music in a variety of different ways. Teachers will assess children's work in music by making informal judgements as they observe them during lessons. On completion of a piece of work, the teacher assesses the work and gives oral or written feedback as necessary to inform future progress. Older pupils are encouraged to make judgements about how they can improve their own work.

## **Resources**

Paper-based song books, music theory resources and Tuned and untuned Instruments and stored between our EYFS unit and the school hall.

Charanga Music World can be accessed here: <https://charanga.com/site/>

## **The School Choir and Musical Events**

We believe that music enriches the lives of people, and so we wish to involve as many children as possible in musical activities. We have a school choir which we encourage all children from Y3-6 to join. The choir meets on a weekly basis and, although its primary aim is to enable children to enjoy singing together, it also performs in public on a number of occasions throughout the year.

All children perform Christmas plays and in our Summer Show. We also provide opportunities throughout the year for budding musicians to perform for the school community. This includes solo and ensemble performances as part of assemblies and concerts. This recognises their achievements and celebrates their success.

## **Roles and Responsibilities**

The subject is led by the staff as a whole and each year time is set aside to review standards and monitor curriculum provision and ensure training and resources are up to date.
